## **Malakoff Provides Aid to Underprivileged Families Impacted by the MCO**

**Kuala Lumpur, 11 August 2021** – The recent movement restrictions have been tough on the rakyat, making it difficult for lower income groups to put food on the table. In keeping with its mission to provide relief to the needy among the local communities, Malakoff Corporation Berhad (“Malakoff”) provided food aid to 500 underprivileged families in Perak and Johor who have been impacted by the ongoing Movement Control Order (“MCO”).

The affected families from Mukim Serkat, Pontian and Kampung Segari, Lumut, Perak, areas where Malakoff operates, were identified with the help of the local community leaders. Malakoff then reached out to these families to distribute food supplies consisting of essential food items such as rice bags, cooking oil and flour.

Malakoff’s Managing Director/Chief Executive Officer, Encik Anwar Syahrin was empathetic towards the increasingly distressing situation faced by these affected families and expressed his hope that the contribution will be able to uplift their spirit.

“The full effects of the pandemic are evidently still looming in, even after more than one year since it first hit. While some of us are able to retain some form of normalcy by working or studying in the comforts of our homes, there are families who are currently grappling with the whole situation and in dire need of aid. As a responsible organization, we must make it our duty to identify these families and ensure that at the least, they should never run short of food supplies”, said Anwar.

“We also ran a donation drive among our staff to help those affected by the pandemic, especially the ones residing within the communities where our plants operate. To date, Malakoff has contributed RM539,040 since the beginning of the pandemic”.

“I’m grateful that our close relationship with the local communities have paved the way for us to reach out and provide assistance to the struggling families in Pontian and Segari. I truly hope that this contribution will be able to provide immediate relief while we ensure that nobody goes hungry and no one is left behind, in line with one of United Nations’ Sustainable Development Goals toward no poverty”, he added.

Malakoff’s Corporate Social Responsibility activities continue to be a cornerstone of its foundation for sustainable development, as the company works closely with local authorities and local communities to make a positive impact in the community and lend a helping hand during these difficult times.

-Ends-
